DIY PESTICIDE

HOW TO MAKE A NATURAL PESTICIDE WITH PLANT
INGREDIENTS AND THE PESTS THEY REPEL:

STEP 1 - ADD MARIGOLD
TO SPRAY BOTTLE

MARIGOLD

Good for repelling and warning away
ants, nematodes, and caterpillars
around your vegetables or fruits.

STEP 2 - ADD ROSEMARY
TO SPRAY BOTTLE

ROSEMARY

Avoid toxic pesticides and use
rosemary as an alternative to scare
away spider mites, flies, and spiders,

STEP 3 - ADD PEPPERMINT
TO SPRAY BOTTLE

PEPPERMINT

Peppermint can repel ants, beetles,
flies, aphids, plant lice and moths. Also
has significant antimicrobial properties.

STEP 4 - ADD WATER TO
SPRAY BOTTLE

BENEFITS OF USING NON-TOXIC PESTICIDES

Avoid toxic pesticides and use
rosemary as an alternative to scare
away spider mites, flies, and spiders,
